Dear Mr. Hedberg:

The Richfield District has reviewed your recommendations on the variance request by Continental Lime, Inc., for its operations at Poison and Cricket Mountain Quarry in Millard County, Utah. We concur with your recommendations as outlined in the letter sent to the company on June 7, 1989, except for R613-004-110--Reclamation Plan. We request that BLM staff should be involved in the review and approval of revegetation test plots.

Please accept our apologies for the delay in our review time. However, we wanted to be certain that the highwall variance, R613-004-111(7), is acceptable reclamation on the public lands.

If you have any questions, please contact Michael Jackson.

Sincerely,

for 
Jerry W. Goodman
District Manager
